What's New In AutoCAD?

Cloud-based drafting: Draft on a secure, reliable web-based system with robust document management, a free mobile app and access from any device. (video: 12:43 min.) Mesh Improvements: Mesh figures are easier to work with and provide better-looking models. See the new Mesh Features tab in the Mesh Options dialog box. (video: 4:01 min.) Meshes drawn using polygons are always dynamic, while meshes drawn using triangulated surfaces can have either a 2D or 3D appearance. (video: 2:24 min.) Improved Lines and Polylines: Drawing straight and curved lines is easier than ever with a new, customizable pen style, along with auto-convert extensions, a new Ruler tab in the Properties palette and a new Shape Stamp tool. (video: 3:19 min.) Import and Export New Features: Enter and edit AutoCAD drawings directly from Microsoft Excel, Google Docs, and other web-based applications. Import a drawing from an Excel spreadsheet or PDF. Convert a spreadsheet into a series of drawings. Edit existing Excel or PDF drawings. (video: 1:13 min.) 3D Printing: Add 3D drawing features to AutoCAD from an external program. Place drawing objects on a 3D model created in another program. Convert a 2D drawing into a 3D model. (video: 10:24 min.) Enhanced User Experience: Save time with improved usability features. With the new New tab in the Drafting area and the improved ribbon, you'll save time while drawing. (video: 2:12 min.) Find Commands: The Find panel is a simplified and more intuitive way to find features and dimensions in a drawing. Find panels have a new look, tabular organization and more intuitive design, and can be resized for better use. Find panels also work much more like their Find on the Web counterparts. (video: 1:21 min.) 4K Scaling: Drawing in 4K is the fastest and easiest way to create and edit drawings in AutoCAD. Easily work in 4K, and easily scale or move drawings up to 4K. (video: 1:43 min.) Familiar Editing Experience: Organize and navigate drawings more efficiently and effectively with a new intuitive tool bar
